

## Alberto PARDOSI

(Italy)

E-mail: [alberto.pardossi@unipi.it](mailto:alberto.pardossi@unipi.it)

### *Topics of his research and activities:*

- Greenhouse crops management (nutrition, irrigation, hydroponics, CO<sub>2</sub> enrichment);
- Nursery crops management (irrigation control; substrate; root zone sensors);
- Irrigation and fertilisation management in field-grown leafy vegetables- Crop modelling (water and mineral relation of hydroponically-grown plants);
- Plant response to boron toxicity.
